Here is an exact copy of the manufacturers' guarantee:

Our Guarantee

These goods are made of our Solid Magnetic Silver which is the best substitute for Sterling Silver ever discovered. They are made of solid metal all the way through and are guaranteed not to tarnish and will wear longer than any silver plated spoons made, because there is no plating on them to wear off. We positively guarantee these goods to wear forever and to give perfect satisfaction to the user. HAMILTON SILVER CO., CHICAGO, ILL.

Could the manufacturers afford to give a guarantee like the above unless they positively knew that the goods were all right? Solid Magnetic Silver Spoons are just as good as Sterling Silver and have the advantage of being very much less expensive, and in addition to this they will not tarnish, corrode or change color.

A TELEPHONE MESSAGE THAT STOPPED RACES

Thousands Held Their Breath While
It Was Being Delivered.

There was an interruption of the proceedings at the fair grounds yesterday by an incident which might with perfect propriety have been postponed for a week or two without any material interference with the ultimate result. In the midst of one of the races the telephone in the executive offices rang. There was a message for Deputy Sheriff Wayne Davis. Assistant Secretary Hill supposing that a message for a deputy sheriff should take equal rank with a request for a doctor sent a messenger to inform the proper authorities that Deputy Sheriff Wayne Davis was wanted at the telephone. This messenger communicated the startling intelligence to another functionary and he to another, until by regular stages, it was made known to the grandstand whence all important announcements are made.

"Deputy Sheriff Wayne Davis wanted at the telephone!" Deputy Sheriff Wayne Davis wanted at the telephone!" rang out the bell-like and vibrant voice of Dr. Stone who at the same time gave a signal which brought the races to a stand still. Men and women stood up in the grandstand as the deputy sheriff made his way toward the executive offices. For the moment was forgotten the desperate struggles of the racers. The question uppermost in every mind was "Who wants Deputy Sheriff Wayne Davis at the telephone and what does he want with him?"

Finally the officer made his way to the telephone and found that the message was from an old friend down the country, a most hospitable old man but for the moment, under the genial influence of alcohol, he was even more hospitable. Here is what the deputy sheriff heard: "Thank you, Wayne? Want you to come down to chicken dinner thanksgiving. Got three damndest finest chickens y'ever seen. Just begun to fatten 'em today. You're 'n come. Thank goodness."

Thereupon the races were resumed.

FUNERAL DIRECTORS HOLD FIRST ELECTION

Elect Officers for the Ensuing Year

One of the annual meetings held yesterday morning was that of the Arizona Funeral directors' association. The purpose of the session was to elect officers for the ensuing year and to discuss matters of general interest to the association.

The officers selected were: President, John Reilly of Tucson; vice-president, A. A. Ferguson of Douglas; secretary, George Driscoll of Phoenix; treasurer, A. L. Moore of Phoenix; national delegate, J. T. Whitney of Phoenix.

A. A. Ferguson demonstrated one of the processes of embalming, which was very interesting and instructive and a general discussion of various points, on sanitation, preservative fluids, etc., was aroused. President Reilly made a short talk to the association. Phil Bradley, president of the Los Angeles Casket company was present and addressed the meeting on the general trade, new ideas in caskets, and kindred matters. The association will meet again today and is arranging for a banquet.
